TECHNICAL INSTRUCTION NO.25

Sub:-Amendment to standard tender notice format issued vide Technical Instruction No. 91-R1 dated 06.05.2005, regarding issue of tender documents by post.

It has been observed in one of the cases, the tender document was not issued to an eligible contractor because officials failed to intimate the contractor to collect the tender documents and did not dispatch the tender documents to the contractor. It resulted in a complaint from the contractor which resulted in a recall of the tender.

To avoid such lapses in future, the following clause be incorporated in the standard format of NIT:

"Contractor requesting for tender documents by post shall mention the same in application itself. AAI shall not be responsible for delay / loss of documents."
