Coimbatore International Airport, Coimbatore Corporation and Residents Awareness Association of Coimbatore (RAAC) have initiated zero waste management at the airport premises, from Monday.

“About 900 kilograms of garbage is generated at the airport here daily. More than 85 per cent of it comes from 25 domestic and two international flights that land here every day. The rest is the waste produced by eateries, etc at the airport,” says Airport Director G. Prakash Reddy.

The banner features the AAI logo on the left and the Swachh Bharat Mission logo on the right. The central text is in three languages: Tamil, Hindi, and English. It includes the airport's name, dates (16th to 31st July 2016), and the slogan 'On a Mission to Reduce Emission'. A 'Clean & Green' logo is at the bottom.
