

EXTRACT FROM THE MINUTES OF THE 132ND BOARD MEETING
HELD ON 10TH AUGUST, 2009

132.18 PERFORMANCE ON MOU PARAMETERS FOR THE FIRST
QUARTER OF 2009-10.

The Board discussed the performance of the first quarter in respect of the MoU Parameters for the year 2009-10. DGCA observed that the rating in respect of bird strike rate has been poor. He wanted specific actions to be taken by AAI. He desired that AAI should undertake a special drive at all airports to tackle the problem of bird strike and also take up with the various State Governments for assistance for the National Bird Control Programme. He stated that wherever any party has violated the rules / guidelines, the Authority should take steps to lodge FIRs with the local Police, so that unwanted encroachments and setting up of meat shops, etc. around the airport peripheral areas are stopped with the help of local municipalities / local revenue authorities. He also desired that specific and time bound action should be taken by AAI to contain this problem of bird strike at the airports. He also suggested that regular co-ordination meetings should be conducted with the National Bird Control Programme authorities.

The Board thereafter took note of the first quarter performance of MoU Parameters for the year 2009-10.
